

## **Visual**

*That looks good to me!*

*Let's get a bird's eye view, look at the big picture first and then we can focus in on the detail*

*He was a sight for sore eyes*

*The clarity of his presentation style revealed brilliant insight and really cleared the fog*

## **Auditory**

*That sounds great, it's music to my ears!*

*Lend me your ear for a moment and I'm sure what I have to say will really resonate with you*

*Take a moment to really tune in to the words I'm using and you'll get the idea loud and clear*

## **Kinesthetic**

*It's been a pretty bumpy ride but now I finally feel that I've made it*

*Just the thought of it makes the hairs stand up on the back of my neck*

*This should go smooth and steady, like a walk in the park*

*I really want to get a handle on this and ensure I've grasped the concepts*
